

FOR IMMEDIATE RELEASE:

New! Micro Chipping Service

AlphaGuardK9 provide dog training, guard dogs and canine security services in Sussex and throughout the UK, and now offer micro chipping for dogs and cats.

Congratulations to Liam and Niall who have recently qualified to microchip dogs and cats.

A requirement on pet passports, micro chipping is the best way of tracing lost animals or proving ownership.
All wardens, animal charities, and vets have scanners.

Visit www.AlphaGuardK9.co.uk for further information. ###
